

Limbs for Life Foundation

May 15, 2018

Hello Golfers and Friends,

Plans are underway for the **16th Annual Golf Tournament to benefit Limbs for Life Foundation**. We are excited to announce that **Orthopedic Associates** will join us this year as the Presenting Sponsor. There are a number of new elements and we know you will want to join us on **Monday, October 15, 2018** at Gaillardia Country Club in Oklahoma City. Shotgun start is at 11:00 a.m. The tournament typically sells out and with our new partnership we anticipate a strong early response. Save your place now. Sponsorship details are attached.

Limbs for Life provides fully-functional prosthetic care to amputees who cannot afford it. In 2017, the Foundation provided prosthetics, replacement parts and repairs for over 2,161 amputees in 23 states and 24 countries on 5 continents. Over \$675,000 was spent on new prosthetics alone. The 2017 golf tournament helped fund limbs for 16 amputees.

I truly appreciate your past participation in the tournament and hope you will join us again to support the mission of Limbs for Life. With your help, we continue to restore mobility and independence to amputees without other resources. Register now with the enclosed sponsor form to include your company and logo in the print brochure. Contact Shelley Dutton at 405-286-5027 or sdutton@limbsforlife.org to register or for further information.

Don't miss the fun, act now to enter your team! I look forward to seeing you at the tournament on October 15th!

Thanks so much,

Scott
